Further, Together

Oltre **200** tipi di tumori. **1** diagnosi precisa.
120 anni di coraggio nella ricerca.

Per noi l'avanguardia in oncologia non è questione di numeri, ma di persone.

Perché sappiamo che dietro ogni numero c'è una storia. La nostra, lunga 120 anni, è fatta di coraggio nella ricerca scientifica e nell'innovazione in oltre 200 tipi di tumori. Ogni giorno ci impegniamo con coraggio a ricercare il giusto trattamento per il giusto gruppo di pazienti, ridefinendo l'approccio terapeutico con lo sviluppo di nuove target therapies, immunoterapie e attraverso la profilazione genomica. Perché per noi, se non esiste un paziente identico all'altro, allora non possono esistere due terapie identiche.

TESARO®

TESARO è un'azienda biofarmaceutica focalizzata in oncologia, dedicata ad offrire terapie innovative a persone che coraggiosamente affrontano il cancro.
